Invites the community to a shiur entitled:

Left but not Abandoned

Appreciating Hashem's presence in difficult times.

By Rabbi Hensch Plotnik

Author of *Tefila L'Moshe*

an exposition on the Avinu Malkeinu.

Rabbi Hensch Plotnik, Sh'lita brings to us a life-long mesorah of compelling and poignant Divrei Torah and Divrei Chizuk. His following of listeners is vast and varied. One of his special talents is in addressing some of the more difficult topics in our history as a nation or in the Torah itself. Through his fascinating elucidation of the text and commentators, combined with the nuance of current events, Rabbi Plotnik weaves for the listener a perspective that transforms it from "information to inspiration." He leaves you with a message that resonates and endures.

Rabbi Plotnik has been active in Rabbonus and education for over 25 years, writes for *Mishpacha* magazine and has a weekly column in the *Flatbush Jewish Journal*. He also speaks for many organizations and schools including conventions of Agudath Israel and Torah U'mesorah. Rabbi Plotnik serves as Rabbinical advisor for LINKS organization and is a frequent contributor to "Halacha Encounters", a weekly halacha paper, and many other publications.
